

Let's safeguard our democracy.

No one is above the law.

Justice has been served.

Donald Trump is a threat to our democracy.
He is now a felon.
His agenda is to undermine and dismantle
our institutions that are vital for a healthy democracy.
And he leads the Republican Party!

The preservation of democracy goes beyond the presidential election.
It also hinges on the strength of local governance, such as Illinois' state legislature.

To ensure our rights are upheld, let's support Democrats like
Linda Robertson, candidate for IL State Representative District 65.
